

## FORTY-SEVEN KILLED

**PALLING LOSS OF LIFE IN COLLISION OF IMMIGRANT AND FREIGHT TRAINS.**

## THAMES CONSUME VICTIMS

**PASSENGERS PINNED IN WRECK-AGE MEET MOST HORRIBLE DEATH BY FIRE.**

Chicago, Nov. 13.—More than one of the passengers on an immigrant train on the Baltimore and Ohio road were killed and injured in a collision with the passenger train and a freight near Woodville, Ind. One hundred and sixty-five passengers were on the train and of these forty-seven were either killed outright or burned to death in a fire which broke out in the wreckage immediately after the collision. The names of all of the dead will probably never be known, as forty-five of the bodies were consumed in the flames and were so badly burned that identification will be impossible.

Thirty-eight persons were injured in several of these will die. Eighty others escaped unhurt, but lost nearly their baggage and clothing.

The disaster was caused by the under of some employee of the railroad company, but just where the bodies has not as yet been ascertained. The passenger train, which was loaded with Russian Jews, Serbs and Poles, all of them recent arrivals in this country and bound for Chicago or places in the Northwest, is the second section of a through train from Baltimore. The engineer of the freight train, No. 96, on instructions received at McCool, Ind., waited a siding at Babcock, Ind., to allow an immigrant train to pass. One report is that the engineer of the freight train had not been informed of the passenger train was running in two sections, the other is that the section of the passenger train tried no lights or signals of any kind indicating that a second section was close behind. As soon as the first section of the immigrant train had passed the switch at Babcock, the freight train, in charge of Engineer Mike and Conductor Moste, started forward.

A light snow was falling, which increased the darkness of the early morning, and as the freight was rounding a sharp curve

at west of Woodville the second section of the immigrant train came in sight a short distance away, tearing toward Chicago at the rate of forty miles an hour. The two trains came together with unslackened speed and the crash six passenger coaches and several freight cars were knocked to kindling wood and, together with the locomotives, went rolling down the embankment.

Fire broke out almost immediately in the wreckage and although a number of the injured were saved by the desperate efforts of the train crew and living passengers the greater part of those who were pinned down in the debris were burned to death. The bodies spread through the wreckage rapidly that it was impossible to save a number of people who were but slightly hurt but were held fast by

timbers that weighted them down. These were burned in plain sight of the throng which stood around the scene of the disaster utterly unable to lend assistance in any way. The fire continued until all of the shattered cars were entirely consumed and of the forty-seven people whose death followed the collision forty-five were burned to ashes.

The crash of the collision was so great that a number of farmers of the neighborhood came hastening to the scene, but they could do nothing to lend assistance to the injured who had already been taken from the wreck. All of the six cars of the immigrant train were burned, as were three freight cars.

Relief trains were at once sent out from South Chicago and from Valparaiso, Ind., with every available physician and every possible aid was given to the injured.

## POWERHOUSE BOILER EXPLODES.

**Six Men Killed and Five Injured in Cleveland Suburb.**

Cleveland, Nov. 13.—Six men were killed and five seriously injured when a boiler in the powerhouse of the Lake Shore railroad in Collinwood, a suburb of Cleveland, blew up.

The dead are: Max Crawford, electrician; Albert Bloom, carpenter; A. P. Latta, pipe fitter; Paulo Lancioni, laborer; Giovanni Pacioni, laborer; and Julius Waeder, pipe fitter.

Engineers at the powerhouse say the explosion was due to the formation of a "mud ring" in the filtering apparatus.

## California Forest Fires.

Los Angeles, Cal., Nov. 13.—A big forest fire is raging in Arroyo Seco, in the vicinity of Devils Gate, and much valuable property is endangered. An appeal for aid in fighting the flames has been made to the Pasadena board of trade, which has responded with more than 100 men. Forest rangers are in charge of the fight against the fire. Another fire is burning near Tropic.

## SHOT DEAD AT HIS WEDDING.

**Bridegroom Murdered Fifteen Minutes After Marriage Ceremony.**

New York, Nov. 13.—Fifteen minutes after he had married Maria Arastini in Brooklyn Augustino Sylvestro, twenty years old, was fatally shot in his home, where he was celebrating his wedding. He died at midnight in the Seney hospital, with his bride at his bedside.

The shooting was done by six unknown Italians, who entered the room and started a row. It is suspected that a rival instigated the murder and the police are looking for this man who is known.

## Twelve Indictments for Peonage.

Mobile, Ala., Nov. 13.—The United States grand jury at Pensacola, Fla., after four days' session, has returned indictments against twelve persons charging peonage in connection with cases which originated at the Jackson Lumber company's camps several months ago.

## Fatal Accident in Foundry.

Youngstown, O., Nov. 13.—One man was killed and two seriously injured in the explosion of a casting at the Youngstown Foundry and Machine company's plant. Michael Key, a furnaceman, was killed.

## Open Shop in Building Trades.

Mobile, Ala., Nov. 13.—All the building contractors of Mobile have put their establishments on the open shop basis, according to a previous agreement. As a result about 150,000 men in the building trades failed to appear for work.

## GENERAL SHAFTER DEAD.

**Passes Away at Son-in-Law's Ranch Near Bakersfield, Cal.**

Bakersfield, Cal., Nov. 13.—Major General William Rufus Shafter, U. S. A., retired, died during the day at the ranch of Captain W. H. McKittrick, his son-in-law, twenty miles south of this city, after an illness of seven days. While returning from the polls last Tuesday General Shafter contracted a severe chill, which augmented a slight indisposition and necessitated confinement to his bed. Dr. L. W. Mitchell, the family physician, was summoned. The patient failed to improve and Dr. A. Schaefer was called for consultation. Intestinal obstruction was discovered, but it was determined that this was a secondary affliction, brought on by an acute attack of pneumonia. Wednesday and Thursday no improvement was noticed. Saturday a slight rally was detected, but the change was short lived. At 10 o'clock a sinking spell seized the veteran.

Always cheerful and hopeful his mind clear and cognizant of his critical condition, the patient remained conscious until 9 o'clock a. m. Oxygen, sent from San Francisco, performed a great work in keeping life up, but after midnight and early in the morning a constant weakening was discerned. Dr. Mitchell and the trained nurses labored untiringly, but the general lapsed into unconsciousness at 9 o'clock and remained in that condition until death. Captain and Mrs. McKittrick, the general's son-in-law and daughter, Miss Edmunds, a niece, and James H. Shafter, a brother, were at the bedside when the end came.

The body of Major General Shafter will leave this city Wednesday evening on a Santa Fe train and on arrival at Point Richmond, the next morning, will be placed aboard a government tug and escorted by military officers to the Presidio at San Francisco. Interment will be in the post cemetery, immediately after the arrival, with full military honors.

## DUE TO RACE TROUBLE.

**Negro Fatally Slashes White Man at Mount Vernon, O.**

Mount Vernon, O., Nov. 13.—Race troubles, which have existed here for some time, culminated in a serious cutting affray when Grant Stewart, colored, slashed George Dunn, white, with a knife. Dunn is dying and Stewart is in jail.

Considerable ill feeling has existed between the blacks and whites for some time and there have been frequent street fights. When George Dunn entered a restaurant during the morning he found all the chairs occupied. Going to Grant Stewart, colored, Dunn ordered him to give up his seat, saying "this is no colored restaurant." The quarrel was renewed later on the street, when the assault was made.

## REIGN OF TERROR EXISTS.

**Woman Robbed on Crowded Street at Pittsburg.**

Pittsburg, Nov. 13.—Embodied by the apparent helplessness of the police and detective forces of the city the highwaymen and burglars who have terrorized this city for the last ten days have apparently extended their operations into broad daylight as well as working under cover of darkness. At 4 o'clock p. m., at the corner of Sixth avenue and Wood street, one of the most crowded spots in the heart of the city and within a few hundred feet of police headquarters, Mrs. A. G. Boykin was assaulted and robbed by two men who made their escape.

The woman was thrown to the sidewalk and robbed. She sustained severe bruises.

## ORDERED TO TANGIER

**BRITISH ATLANTIC FLEET HURRIEDLY PREPARES FOR ACTION AT GIBRALTAR.**

## WILL JOIN FRENCH SHIPS

**COMBINED SQUADRON IS TO ENGAGE IN DEMONSTRATION IN MOORISH WATERS.**

Gibraltar, Nov. 13.—The British Atlantic fleet is to leave here for Tangier. In conjunction with a French fleet of warships it will engage in a demonstration in Moorish waters.

The British warships were provisioned on very short notice.

During the last few months conditions in the interior of Morocco have constantly grown worse. Foreigners have been assaulted and outraged, foreign vessels on the coast have been fired upon, and, while the diplomatic representatives of the powers concerned have protested to the sultan, their demands have been received with slight attention.

The agitation against foreigners is reported to be on the increase, and Spain has found it necessary to send a warship to the Moroccan coast to remove Spanish subjects. Insurgent tribesmen have been

## Active in Creating Disorder

among themselves and the forces of the sultan and those under Bu-Hanara, the pretender to the throne, have come in contact in recent months with victory first on one side and then on the other.

The diplomats at Tangier have protested more than once to the Moroccan authorities against the lack of protection for foreigners, but no improvement has been forthcoming. In fact, the local authorities have been increasingly aggressive and even insolent in their treatment of the local representatives of France and Spain. France has already one or two cruisers in Moroccan waters.

The American mission to Fez, under the American minister to Morocco, Mr. Gummere, is at the capital for the purpose, among other things, of obtaining satisfactory assurance for the safety of Americans in Morocco.

## ON CHARGE OF TREASON.

**Mexican Under Arrest at El Paso, Tex., to Be Extradited.**

Washington, Nov. 13.—Antoni Villareal, under arrest at El Paso, Tex., is to be deported to Mexico, where he will face charges of treason brought against him by the Mexican government. After conferences between officials of the state department, the department of justice and the department of commerce and labor it was decided that Villareal should be sent back to his native country because of crimes committed by him before coming to the United States.

Villareal was the leader of the revolutionary movement in St. Louis which gave utterance to its doctrines through the newspaper regeneration.

Villareal was one of a large party of Mexicans alleged to have broken into a public building in that country and taken a quantity of arms and ammunition belonging to the republic. This act was held by Mexico to be a theft, a crime under which refugees could be extradited under the treaty between the two republics.

## ON LAND TENURE BILL.

**House of Commons Holds Strenuous Session.**

London, Nov. 13.—The house of commons has been sitting all night and is in session at this hour. It is discussing the land tenure bill, which affects both England and Scotland, the object of which is to ameliorate the condition of the farmers. The opposition is bitterly contesting the moving of numerous amendments, which, after acrimonious debating, are being defeated by large majorities.

## TAKEN UNDER ADVISEMENT.

**Demurrer in Suit Against Alleged Drug Trust.**

Indianapolis, Nov. 13.—After devoting all day and part of the night to a hearing of oral arguments on the defendant's demurrer in the suit of the United States against the "drug trust" Judge A. B. Anderson of the United States district court took the issue under advisement.

## Two Workmen Drowned.

Chicago, Nov. 13.—While hauling stone to the new breakwater on a flat bottom boat the vessel capsized and Michael Boat and Joseph Regilla were drowned. Six other workmen on the boat narrowly escaped a similar fate, all of them being in a serious condition when rescued by the lifesaving crew.

## NO THEATRICAL TRUST.

**Al Hayman Denies Formation of Huge Combine.**

New York, Nov. 13.—The following statement was issued by Al Hayman for Klaw & Erlanger in reference to telegrams dated from Chicago and St. Louis, respectively, speaking of the formation of a \$50,000,000 theatrical trust.

"There is absolutely no truth in the statement, not even the slightest foundation for it. The so-called theatrical syndicate is proceeding upon the same lines that it has for the last eight or nine years, booking the time of the theaters entrusted to it, and not paying any attention to vaudeville combinations or anything else. Somebody is using the press for his own ends in this particular matter and we desire to state in the most emphatic terms that there is no truth in this announcement."

## LOCOMOTIVE EXPLODES.

**Three Railway Men Killed on Southern Pacific.**

San Jose, Cal., Nov. 13.—Three men were killed by the explosion of the engine on the southbound Sunset limited train on the Southern Pacific road at Sargents station. The dead are: Joseph Goodfellow, superintendent of the Southern Pacific block system; Samuel Gillespie, engineer of the train, and James Bladen, fireman.

When the boiler exploded the cab was hurled into the station, which was being passed at the time, destroying the structure and the huge boilers, weighing 100 tons, shot forward through the air, striking the track ahead more than 300 feet from where the explosion occurred. The tender, mail car, chair car and two tourist sleepers were derailed.

## Switchmen Accept New Offer.

Pittsburg, Nov. 13.—Announcement has been made that the switchmen had agreed to accept the advance of 4 cents per hour as offered last week in Chicago by the railroad officials and it is asserted there will be no strike.

## THREE NEGROES KILLED.

**Constable Unable to Stop Drunken Brawl.**

Bluefields, W. Va., Nov. 13.—Constable Burosult at the United States Coal and Coke company shot and killed three of the company's negroes. The men resisted arrest and the officer, in order to protect himself, was compelled to shoot them. The shooting was the result of a drunken brawl which the officer tried to stop. Burosult will not be arrested.

## DISPUTE OVER CARD GAME.

**Two Men Shot to Death in Railroad Camp.**

Bluefields, W. Va., Nov. 13.—Tom Miller, a workman at the Mason & Munday railroad camp, shot and killed Abraham Arters and William Beals during a dispute over a game of cards at Oakvale. Miller escaped.

## Attempt to Kill Rennenkampff.

London, Nov. 13.—A dispatch received here from St. Petersburg says it is reported from Irkutsk, Siberia, that an unsuccessful attempt was made to kill the governor, the famous General Rennenkampff, by a bomb. The general was not hurt. The bomb thrower was captured. He refuses to give his name.

## Officer Killed by Burglar.

Poughkeepsie, N. Y., Nov. 13.—Deputy Sheriff Eugene Cribley of Dover Plains surprised a burglar at work in the office of the meat market of L. L. Colligan. When the deputy entered the office the burglar pulled his revolver and fired, killing Cribley instantly. The burglar disappeared without any plunder.

## Gallows for Murdering Family.

Licking, Mo., Nov. 13.—In the circuit court at Houston Joda Hamilton pleaded guilty to the murder of the Parsons family Oct. 12. The jury found him guilty of murder in the first degree. Judge Woodside sentenced him to be hanged Dec. 21. Hamilton made a complete confession.

## BRYAN DISCUSSES ELECTION.

Gets Considerable Satisfaction From the Outcome.

Lincoln, Neb., Nov. 10.—Commenting on the result of Tuesday's election, W. J. Bryan gets considerable satisfaction in viewing the outcome from a Democratic standpoint. He regrets the defeat of W. R. Hearst in New York, but cannot see wherein President Roosevelt can find any comfort in the vote of the Empire state. Mr. Bryan says the president's personal attack on Mr. Hearst was in very bad taste and he insists that the attack did not favorably impress the public.

Particularly gratifying to the Democratic heart, says Mr. Bryan, is the return of Missouri to the fold. In a statement Mr. Bryan says in part: "The election of 1906 indicates a trend in favor of the Democratic party. It proves that the Democratic party is growing stronger as Republican policies are developed. In New York the party has won a signal victory in spite of the tremendous efforts put forth in behalf of the administration. The fact that the Democrats elected every state officer excepting the governor shows that in the Empire state the Republican party has been repudiated."

## ROBBED OF THE RETURNS.

Messenger and Ballots of a Nevada District Missing.

Reno, Nev., Nov. 10.—Tom Bigfoot, an Indian runner, to whom the election ballots and returns of the Wonder mining district were given Wednesday, has disappeared and deputy sheriffs are scouring the country sixty miles east of Reno for him. Upon the returns rests the fate of the candidates for judge in the Second district and the fate of several Churchill county candidates. It is believed that the Indian was intercepted and robbed of the returns and that he fled to the hills for fear of prosecution.

## Republican Candidate Elected.

Norfolk, Neb., Nov. 10.—Judge J. P. Boyd, Rep., is elected to congress in the Third district by 296 votes, according to complete official returns. The Democrats had claimed the election of Dr. G. T. Graves.

## CHARGED WITH CONSPIRACY.

Officials of a Steel Company Accused of Trying to Defraud Government.

Pittsburg, Nov. 10.—Indictments have been returned by the federal grand jury in this city against J. Jay Dunn, Charles T. Close and Frank T. Emmett, officials and employees of the Shelby Steel Tube company, charging them with conspiracy to defraud the government in connection with the boiler tubes furnished for a number of battleships.

There are thirty specific counts against the men and it is alleged the conspiracy was in operation over a period from 1892 to Jan. 1, 1905. The indictments further assert that the defective tubes were placed in boilers that were used on twelve war vessels, among them being the Louisiana, upon which President Roosevelt is now making his trip to Panama. The other vessels named in the indictment as having the defective tubes, alleged to have been furnished, are the Maine, Pennsylvania, Georgia, Colorado, Vermont, Maryland, Tennessee, Washington, Minnesota, Nebraska and Charleston.

Immediately after the return of the grand jury was made, Judge Ewing issued bench warrants for the three men and they will be arrested.

## LIPTON IN AN AUTO WRECK.

All of the Occupants of the Machine Escape Unhurt.

Bridgeport, Conn., Nov. 10.—An automobile containing Sir Thomas Lipton, William Marshall, whose guest Sir Thomas was, Thomas K. MacDonald and R. A. C. Smith was wrecked by the breaking of the front axle just after the party had started on a trip to a local factory and that serious injury did not result to the occupants is believed to have been due to the fact that the car was running slowly.

## Fatal Accident on Ore Dock.

Duluth, Nov. 10.—Burt Stringer, wheelman on the big steamer Sahra, fell off one of the ore docks at Two Harbors and was killed. Frank Kelley, an officer on the same ship, also fell off at the same time, but escaped with serious injuries.

All Elks are urged to be present at the meeting on Thursday night as a vote on the new constitution will be taken.

## CHILDREN WITNESS CRIME.

Italian Stabbed and Robbed Near a Public School in New York.

New York, Nov. 9.—With scores of children nearby, an Italian was stabbed twelve times in his back and his watch and \$150 in bills were taken from him opposite Public School No. 6, at Moshulu Parkway and Driggs avenue, the Bronx. The wounded man gave his name as John Battiste Gelsomino, and his age as thirty-nine. He said he lived at Westfield, New Haven, Conn. He was taken to the Fordham hospital, where he is not expected to live.

The wounded man said he came to this city Wednesday night from his home in Westfield; that he went to an Italian bank somewhere on the East Side. The banker, whose name he said he did not know, he had met in Westfield. He wanted \$150 in American money exchanged for Italian money in order that he might send it home to Italy. The banker told him to come back at 3 o'clock p. m. He said the banker introduced him to another man, whose name he did not remember. He claimed that he was robbed, where he did not say, by the banker and his friend. He said the banker took his \$150 and the other man took his gold watch. The two of them he claimed then drew stiletos and stabbed him in the back. The police are investigating.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it causes a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of the tube, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous lining of the Eustachian tube.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

# Thanksgiving Sale of Table Linens

On Thursday, Nov. 15, we will open our First Annual Thanksgiving Sale of Table Linens, Napkins, Towelings, etc. As many of our readers know, Linen has advanced in price until it is impossible today to offer new goods of same quality at the old prices. Every yard of Linen of our immense stock was bought before the advance and so is worth very much more today than our regular price. Taking this into consideration with the discount we will offer for this sale; you will see that the saving made is quite an item, and we believe our customers will be quick to take advantage of this opportunity. The sale will begin Nov. 15 and will close Wednesday, Nov. 28. Our entire stock of bleached and unbleached Damasks go into this sale, the better ones having napkins to match.

Our patrons will kindly watch this ad, for we will quote prices and patterns each day, so as to enable you to get just what you want for Thanksgiving.

Geo. W. Cooley, engineer of the state highway commission will be in the city Thursday to organize a Crow Wing County Good Roads Association. The meeting will be held in the Commercial club rooms and a good turn out is strongly urged. Let everyone interested in good roads make it a point to be there.

A county good roads association can do as much as any one organization to forward the development of Crow Wing county, and it is to the interest of every business man and every farmer to join and assist in the good work. Do not fail to be there.

### A Year of Blood

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured. Guaranteed for sore lungs, coughs and colds, at H. P. Dunn & Co's drug store. Price 50c and \$1. Trial bottle free.

### STRIKE MAY BE AVERTED.

Switchmen's Union Considering Offer of Railroad Managers.

Chicago, Nov. 8.—The Switchmen's union has declined the proposition made by the managers of the railroads entering Chicago to arbitrate the demands of the men for an increase in wages of 10 cents an hour. The railroad managers then offered the men an increase of 3 cents an hour and proposed arbitration of the question whether or not the men should receive the 10 cents increase.

The men took the proposition of the employers under consideration and it is expected a reply will soon be returned. The general impression among both the employers and the switchmen is that a compromise will be reached and that a strike of the 20,000 switchmen employed on the roads interested in the controversy would be averted.

## ST. PAUL TRIO

Plays to a Large and Appreciative  
Audience at Congregational  
Church Last Night.

Maximilian Dick, violinist, Carlo Fischer, cellist, and Miss Ella Richards, pianist, members of the St. Paul Trio, who appeared under the auspices of the Ladies Musical club of Brainerd, played to a large and enthusiastic audience at the Congregational church last night. It would be difficult to find a more representative gathering of Brainerd's musicians, and music lovers, instructor's and pupils, than that which greeted the distinguished artists at last night's performance. Carlo Fischer prefaced each selection with a short description of the various movements, an explanation of the themes and an exposition of the ideas sought to be conveyed by the composer.

Dvorak's melodies, the first number played by the trio, immediately revealed the sympathetic, harmonious playing of the artists, who held the attention of their auditors from the soft minor chords to the brilliant finish. Marschner's Romance was well rendered, and especially pleasing were the piquant, pizzicato passages in Schutt's "Walzer-Marchen."

In the solo numbers, Maximilian Dick's violin gave forth clear, beautiful tones, the limpid, liquid notes sounding pure and distinct as they reached the dizzy heights near the bridge. His bowing, in vivacious and slow movements was a revelation to many. The Kranich "Polonaise" was played with a swerve and abandon which provoked such applause that he gracefully responded with an encore.

Carlo Fischer, cellist, was heard in the love song "Nina" by Fergolese, and the "Minuetto" by Berker. His tone is pure and sympathetic, with no trace of the harshness which sometimes characterizes cello tones in the lower register. In the Berker number his double stopping was superb. As an encore he gave Saint-Saens "Le Cygne," a tone picture enhanced by the rippling piano notes.

In conclusion especial mention must be made of the work of Miss Richards, the pianist. Almost intuitively following every phase of expression of the strings, her playing formed a most effective accompaniment for bringing out the best in violin and cello. Never intending, but always following every change of mood, the playing of Miss Richards made the reading of the trio harmonious and finished.

The arrangements of the Ladies Musical club were in good hands, and the ushers attentive, seeing that all were quickly seated and without confusion. The audience can serve as a model for many a larger city, for there were no late arrivals to mar or disturb the performance.

## TO RAISE MONEY FOR Y. M. C. A.

Next Monday to be Devoted to  
Raising Funds for Repairing  
the Building

\$1,500 IS SUM TO BE RAISED

New Gymnasium, Bath Rooms,  
Floors, etc., will be put in  
and Building Painted

For some months past the board of directors have labored with the problem of repairs for the Y. M. C. A. The entire building is out of repair, making it almost impossible for the association to do effective work.

Last week International Secretary E. L. Hamilton and State Secretary E. W. Peck met with the board and with a number of Brainerd's best business men and it was unanimously decided that the business interests of the city could not afford to allow this work to cease, and it was the opinion of all present that if the needs were properly presented that sufficient funds could be subscribed to do the work.

Plans were made and are being carried out to make a one day's canvass of the city. It is to be a Y. M. C. A. day. Many of the business men will devote a large part of the day to soliciting funds and committees will solicit the shop men and train men.

If the \$1,500 can be raised a new gymnasium will be put in, the bath rooms will be torn out and a large number of new ones will be put in, including shower baths, etc. The building will be repainted and resingled and new paper and floors added. It is hoped that the place can be made so attractive that the young men of Brainerd will be proud to make it their headquarters.

The movement is meeting with popular favor and as one member of the committee expressed it, "The man who is not a Y. M. C. A. man in speech and purse next Monday will be decidedly unpopular."

The building occupies such a prominent place that many business men are willing to subscribe to a fund to repair it even though they are not association men.

When you're broke the girls are shy They turn and fly as you come nigh Brace up old man, show some pluck Take Rocky Mountain Tea; it will change you luck.

### Foot Ball Notes

The north side foot ball team beat the Southeast Brainerd aggregation to the tune of 10 to 0 Sunday. Bert Ahear made the first touchdown, being carried over the line after a series of bucks and end plays in the first half. Eugene Paine received the ball on a punt and carried it 45 yards for a touchdown in the second half. The lineup of the winning team was: T. Mahlum, c; Fritz Koop, rg; Roy McGinnis, rt; Harry Koop, re; W. D. Bennett, lg; L. Thomas, lt; Frank Bennett, le; Eugene Paine, qb; B. Fischer, lb; Bert Ahear, rh; C. H. Horn, fb. Referee, Swanson. Time of halves, 20 minutes.

The North Stars challenge the Southeast Brainerd team to a game to be played Thanksgiving day on the McKay grounds.

### WHAT IS CATARRH?

Simple Way to Overcome the Dangers of this Disagreeable Disease.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately, within the last few years a simple and reliable treatment for catarrhal troubles has been found—Hyomei, a combination of healing and germ-killing balsams, that, when breathed through the neat pocket inhaler that comes with every outfit reaches the tiniest cells in the respiratory organs, carrying its healing and health-giving properties to every part where the catarrhal poison is present.

Used in this way, Hyomei kills all the catarrhal germs, drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have the ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucus, difficulty in breathing, sneezing, huskiness, discharge from the nose, droppings in the throat, coughing spasms, etc., begin the use of Hyomei at once.

A complete Hyomei outfit costs but \$1, extra bottles, if needed, 50 cents, and is sold by H. P. Dunn & Co., under an absolute guarantee that it will cure catarrh or money will be refunded.

Doan's Regulents cure constipation, tone the stomach, stimulate the liver, promote digestion and appetite and easy passages of the bowels. Ask your druggist for them. 25 cents a box.

## AMUSEMENTS

### Musical Recital

The recital given by the St. Paul trio at the Congregation church last night realized the most hopeful anticipations of the Ladies' Musical club under whose auspices it was given. An unusually large audience entirely filled both the assembly and lecture rooms of the church.

In listening to the trios rendered, one hardly felt like analyzing, in the critic's cold way, the qualities of technique and interpretation that went to make up the music. To say that it was music capable of stirring one's being to its profoundest depths is to say it all. By the longing, yearning, aspiration and exaltation awakened in the listeners, we know, according to the law of sympathetic vibration, that the same emotions were back of the music expressed through a perfect medium.

Mr. Dick's selections on the violin had strength, depth and mastery under the control of a sensitively artistic interpretation. If anything remained to be desired, it was a selection displaying more lyrical qualities.

Mr. Fisher was deeply enjoyed in all his work on the cello, but especially in the "Swan Song" by Saint-Saens. In this were heard the deep, throbbing soulful notes, to be produced only on the cello, which his listeners were longing to hear.

Miss Richards in the nice artistic finish of her piano accompaniment seemed faultless.

### Sis Hopkins

The attraction booked at the opera house for Monday, Nov. 19th, is "Sis Hopkins" the most charming, cleanest and most brilliant comedy drama of rural type which has been seen in twenty years. Miss Rose Melville who created the name part of the play will again be seen, and probably for the last time, as the quaint little country girl of Posey county, Indiana—who wears, gingham pinnafors, prunella gaiters and striped stockings; who wears her hair in pig tails, and toes in when she walks; homely, honest, simple and full of quaint philosophy. The story of the play is cleanly and full of heart interest and teaches a moral without depressing one with the heaviness of manufactured virtue. The comedy is spontaneous and fresh and the situations are natural and wholly possible. This season the play has been newly dressed and with a new company to support Miss Melville, the play will become more than ever popular. New specialties have been added to the famous seminary scene and the final tour of "Sis Hopkins" will be one of unusual brilliancy.

The average young woman of today is busy and has no time to devote to anything but health and beauty. It comes to ninety-nine out of every hundred who take Hollister's Rocky Mountain Tea. Tea or tablets, 35 cents. H. P. Dunn & Co.

### ON INCENDIARY CHARGE.

Young Colored Woman Arrested in New York Tenement.

New York, Nov. 12.—Mrs. Estelle Bristol, a young colored woman, was arrested during the day charged with attempting to burn a five-story tenement house Saturday night. The other tenants of the structure discovered the fire before it had gained any headway and it was put out before it had done much damage.

Negro families occupied the house and on the first alarm a general rush was made by the tenants for the street. The fire was in a carefully arranged pile of paper and wood at the rear of the floor upon which Mrs. Bristol had rooms. The police said that she told them after her arrest that she had started the fire because she "wanted to see the people run out." The fire did little damage.

## FILES OUSTER SUITS

OHIO ATTORNEY GENERAL COMMENCES ACTION AGAINST STANDARD OIL.

Columbus, O., Nov. 12.—Ouster suits have been filed in the circuit court at Lima, O., by Attorney General Wade Ellis against four subsidiary companies controlled by the Standard Oil company of New Jersey to prevent the further operation of the alleged combination popularly known as the "Standard Oil trust." The companies named as defendants are the Ohio Oil company, the Solar Refining company, the Buckeye Pipe Line company and the Standard Oil company of Ohio.

The petitions alleged that the Standard Oil company of New Jersey owns and controls all the stock of these four companies except an amount sufficient to maintain a directorate and a corporate existence in Ohio. It is further alleged that the control of these companies is exercised in restraint of trade and in contravention of the anti-trust laws of the state.

The suits result from the suit against the Standard Oil at Findlay, during which the alleged facts regarding the subsidiary companies were brought out.

## REACH AN AGREEMENT

LACKAWANNA ROAD AND ENGINEERS NEGOTIATE SATISFACTORY WAGE SCALE.

## ERIE FIREMEN WILL STRIKE

INCOMPLETE POLL SHOWS PRACTICALLY UNANIMOUS VOTE ON THE QUESTION.

New York, Nov. 12.—The scale of wages and the length of the workday were the issues at various meetings during the day of the grievances committees representing the engineers and firemen of several of the railroads centering at New York.

At a conference between President Truesdale of the Delaware, Lackawanna and Western and a committee of the Brotherhood of Locomotive Engineers, including Grand Chief Warren H. Stone, the engineers were granted a ten-hour day and an increase in wages aggregating for the 900 engineers \$30,000 to \$35,000 a year.

Committees representing the engineers of the New York, New Haven and Hartford and the New York Central railroads met to discuss the demand they are to make on these two lines for higher wages and shorter hours of labor. It is understood that the principal question which the grievance committee will take up with the New York Central concerns the wages to be paid to the engineers on the line when the electrification of the road is completed.

### Erie Firemen Favor Strike.

The poll of the locomotive firemen of the Erie railroad which is being taken for the purpose of determining whether or not to resort to a strike in an endeavor to enforce their demands, according to Grand Master Hanrahan of the Firemen's organization, has resulted in an almost unanimous vote in favor of a strike as far as returns have been received.

"The poll of the entire road is not yet complete," said Mr. Hanrahan, "but the result thus far shows the state of the men's minds. I shall do all I can for settlement before ordering a strike, but there is no doubt of the temper of the men."

The adjustment committee of the engineers is formulating a set of demands to be made upon the Erie, irrespective of the demands of the firemen. The engineers have a contract with the Erie which does not expire for several months, but the new demands are being formulated as a basis for a new contract.

### REQUEST HIGHER WAGES.

Firemen Make Demands on Roads Entering Cleveland.

Cleveland, Nov. 12.—Announcement was made by Frank M. Gear, secretary of the Cleveland branch of the Brotherhood of Locomotive Firemen, that demands have been made on all roads entering this city, with the exception of the Lake Shore, for higher wages, shorter hours and better working conditions. The demand will, he says, be made on the Lake Shore later this week. The increase demanded ranges from 10 to 30 per cent.

### HIGH RATES IN MISSOURI.

Expert Testifies in Freight Hearing at Kansas City.

Kansas City, Nov. 12.—E. M. Fisher, expert accountant of St. Paul, Minn., employed by the state of Missouri to examine the books of the Chicago, Burlington and Quincy railway, before F. L. Schofield, special master in chancery, who, in the federal court here, is hearing testimony as to whether or not the freight rates fixed by the maximum freight rate law passed by the last legislature in Missouri, were 90 per cent greater than in any other state in which the Burlington operates, declared that the Burlington freight rates were from 25 to 35 per cent higher in Missouri than in any state east of the Missouri river. Fisher went to Chicago June 16 of this year and began an examination of the Burlington books and he has worked unceasingly since that time. He is still employed in inspecting the way bills turned in at the auditor's office.

### ELEVEN MILLIONS INVOLVED.

Decision of Maine Supreme Court in Will Case.

Augusta, Me., Nov. 12.—The Maine supreme court has decided against the American board of commissioners for foreign missions which contested the will of Solomon H. Chandler of Portland. When Chandler made his will in 1896 he directed that his estate, valued at \$1,000,000, should go to the American board, but in 1902 he wrote a codicil leaving his entire property to relatives.

The American board contested the codicil on the ground that when it was added to the will the testator was not of sound mind.

### Killed by Own Wagon.

Williston, N. D., Nov. 12.—While Ralph Raum was driving down hill to the approach leading to the ferry which he was going to cross, his four-horse team became frightened, ran away, threw him out and the heavy lumber wagon ran over him, killing him.

## FEDERATION OF LABOR.

Opening Session Hears Annual Reports of Officers.

Minneapolis, Nov. 12.—The feature of the opening session here of the twenty-sixth annual convention of the American Federation of Labor was the exhaustive annual report of President Samuel Gompers in which, in a detailed manner, he outlined the progress of the labor movement throughout the country, laying special stress on the advent of unionism into the political arena and recommending that this course be strictly adhered to. A strong plea was made for the employment of American labor on the Panama canal.

At the conclusion of President Gompers' address, which was well received, the annual report of Secretary Frank Morrison was read, which showed the federation to be in not only a splendid financial condition, but also stronger in membership than ever before. During the past year \$218,540.04 was expended, out of which \$52,619.12 was advanced to the International Typographical union in the carrying on of that organization of a strike for an eight-hour day.

There is at the present time \$111,540.60 in the treasury of the federation. During the year there were 887 strikes, in which there were 91,530 involved. Of that number 68,812 were benefited and 11,183 not benefited. The total cost of strikes during the year was \$3,982,865.66.

Following these reports the convention adjourned until morning. The sessions will continue for two weeks.

### ST. PAUL MAN VICTOR.

Tremble Gets Decision Over Barry at Hibbing, Minn.

Duluth, Nov. 12.—Ben Tremble of St. Paul and James Barry of Chicago fought fifteen rounds at the Power theater in Hibbing for the heavyweight championship of the Northwest. Tremble got the decision in the last round, as he plainly had the best of the encounter. Bob Cherry was referee. There was a preliminary bout between Cohen and McCann of Superior for the lightweight championship of the Northwest. Cohen won in six rounds. The men were scheduled to go ten.

### Railroad Man Shoots Himself.

Dallas, Tex., Nov. 12.—While alone in a room at his home here R. Fenby, general auditor of the Texas and Pacific railroad system and one of the best known railroad men in Southwest, shot himself with a revolver. The bullet entered under his chin, shattered the jawbone, lacerated his tongue and came out of his face. Whether the shooting was accidental or premeditated is not known.

## FOUGHT DUEL WITH BURGLAR.

Pittsburg, Nov. 12.—Henry Firth Smith, son of Joseph Smith, a prominent and wealthy business man of this city, was shot twice and almost instantly killed at 4 o'clock a. m. by a burglar whom he surprised in the dining room of his father's residence in the east section of this city.

That a desperate battle took place between young Smith and the burglar is evident from the disordered condition of the dining room and kitchen of the Smith home. Neighbors adjacent to the Smith home heard the shots and ran to their windows, but say they saw no one running from the house. The entire police and detective forces are working on the case, but so far no clue has been discovered.
